

Student attendance policy

A Purpose of the Student Attendance Policy

1. The aim of the student attendance policy is
 - to promote and encourage high level of engagement by all students across all courses and at all levels.
 - to ensure uniformity in implementation across the University.
 - to help the students make the transition from school / college to higher education.
 - to promote lifelong learning skills and competencies required for the workplace on graduation.
2. Attendance enhances the quality of the learning experience for the student as an individual as well as for the learning group of which they are a member and contributes to the achievement of individual academic potential. Academic sessions / class activity involves discussions / simulation exercises / individual / group activity that depend upon the value of the participants attendance and learning of the group as well as others.
3. Students are required ideally to be present in the course with 100 percent attendance. Attendance will mean full presence in all scheduled contact hours between the tutors and the students and will consist of lectures / tutorials / seminars practical / workshops / mentoring sessions and any other contact between the tutor and the students. Attendance reflects on sincerity, diligence and drive in learning of students.
4. Student's attendance in every session during contact teaching / lab sessions will be recorded.

B. Minimum Attendance Requirement

5. Although students are expected to be 100 per cent present, due to certain unavoidable reasons / exceptional circumstances mentioned below, a student may not be able to maintain the figure of 100 per cent.
6. A minimum of 75% attendance is required to be maintained by every student in each & every module during each semester / level / term. The 25% relaxation in the attendance policy accommodates the following:-
 - minor impediments / illness / indisposition
 - personal exigencies
 - short hospitalization
 - compassionate grounds (tragedy / accident in the family)
7. In case of the above illness / medical reasons, the duly attested copies of the Doctor's prescription and medical fitness certificate clearly mentioning the duration of the treatment should be submitted to the Course Coordinator only by the student on the first day of joining the University after the absence.
8. In the event of a student being prevented from attending classes regularly owing to prolonged illness/hospitalization, temporary but serious disability, or any other genuine exigency of a protracted nature e.g. tragedy / accident in family, it should be communicated in writing with relevant proof to the course leader as soon as the event/exigency has occurred. The University will consider such circumstances sympathetically; however, no consideration will be given in the event that the communication has been made by the student/parent/guardian after the lapse of one working week / seven days since the onset of the exigency, or after issue of a notice of

debarment. The University will not condone attendance defaults due to marriage in the family, self-marriage, family function, family trips, US Green Card mandatory requirements etc.

C Shortage of Attendance.

9. A student with shortage of minimum attendance requirement, as mentioned above, will be issued continuous counselling / warning via email / SMS every week. Formal letters would be dispatched from the University at the mid semester, provided the attendance is found to be short of the mandated 70% (till date) to make up for the shortfall during the rest of the semester.
10. If deficient of 75 per cent attendance in any module at the at the stage of 16 weeks of a semester, you will be issued a written note of debarment / non-progression by the University, with a copy addressed to the parent/guardian, indicating that you have been deficient in minimum attendance requirement.

D Continuous absence for four weeks.

11. In case you have not attended the classes continuously for four weeks for any unexplained reason, it will be presumed that you have left the course on your own and in such situation; your registration will be deemed as cancelled.
12. However, you can appeal for re-registration, subject to approval by a Special Committee. Re-registration, once approved by the committee, will be done on the payment of re-registration fee within 2 weeks of approval by the committee.
